Javier Marin

Software Engineer | (832) 748-7373 | marin.javierj@gmail.com | www.jjmarin.me | www.linkedin.com/in/javier-j-marin/

About

Dedicated and proficient Full Stack Software Engineer with over 3 years of hands-on experience in designing, developing, and deploying robust web applications. Adept at working across the full software development lifecycle, I specialize in JavaScript, React, Node.js, Java as well as other technologies and frameworks. Passionate about leveraging technology to solve complex problems and committed to continuous learning and improvement. Seeking to contribute to innovative projects in a dynamic and collaborative environment where my technical skills and creative problem-solving can drive impactful results.
